Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Tuesday 14 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with persistent rain in west, patchy in east.

Today:
An overcast day with occasional rain, persistent and heavy at times at times across western areas with extensive hill fog. Some drier spells in the east. Strong west to southwest winds touching gale force in the west. Maximum temperature 11 deg C (52 deg F).

Tonight:
Staying cloudy with further rain, light and patchy in the east, but heavier across the west, especially the Isles and Northwest Highlands. Clearer over the Western Isles later in night. Minimum temperature 6 deg C (43 deg F).

Wednesday:
A cloudy start for most with some light rain, but clearer weather over the northwest soon speading to all areas bringing some sunny spells. Winds easing. Maximum temperature 10 deg C (50 deg F).

Outlook for Thursday to Saturday:
Mostly cloudy on Thursday but some sunny intervals in east, More widely sunny on Friday and Saturday but more cloud likely over the Isles.
